## **Paradigm Capital Management Given Esteemed Lipper Family Fund Award for Outstanding Portfolio Performance**

*Albany-based Investment Management Firm Recognized for the Outperformance of Its Family of Funds*

**ALBANY**— Paradigm Capital Management has been named a winner of the highly esteemed Refinitiv Lipper Fund Award for outstanding performance of its family of funds over the past three years. The Refinitiv Lipper Fund Award recognizes funds that have continuously provided excellent risk-adjusted performance and is a sought after award in over 17 countries. Lipper, a Thomson Reuters company, utilizes the Lipper Leader Rating for Consistent Return methodology to select winners throughout the globe. Paradigm is one of eight firms to win the family of funds award, and one of only two firms to receive the equity class award within that group.

“Our philosophy and goal have always been to provide long-term, exceptional results for our clients. Since the inception of the firm, we have believed that there is no substitute for hard work and thorough analysis. This legacy has distinguished our process over the past 25 years and it is what continues to allow Paradigm’s investments to deliver strong returns. I am honored to have our funds recognized by the Refinitiv Lipper Fund Award and for our team to receive the recognition they deserve,” **said Candace King Weir, Founder and Chief Investment Officer, Paradigm Capital Management.**

Paradigm Capital Management is an Albany-based firm established in 1994 by Candace King Weir. A female trailblazer in small-cap equity research and asset management, Mrs. Weir established Paradigm Capital Management after previously founding a boutique equity research firm. Her vision has always recognized the importance of primary research and its ability to drive long-term performance. As a women-owned and managed firm since its inception, Paradigm believes that its differentiated process and perspective have driven incremental value over time. Paradigm’s award-winning group of mutual funds includes one four-star rated (Paradigm Value Fund) and two five-star rated (Paradigm Select Fund and Paradigm Micro-Cap Fund) funds, as rated by Morningstar.

“Paradigm Capital Management is grounded in principles and philosophies that have allowed our firm to excel and deliver outperformance for its clients over time. We have remained a small boutique firm despite changes in the asset management landscape, which allows us to make thoughtful investment decisions based on our primary research and institutional knowledge. This award is recognition of the success we strive to deliver year over year and speaks to the mindset

of the firm and our continued focus on delivering superior results for our clients,” said **Amelia Weir, Senior Vice President, Paradigm Capital Management.**

The Refinitiv Lipper Fund Awards were announced on March 11, 2021 and eight firms were recognized in the Family of Fund over 36-month category.

###

About Paradigm Capital Management:

Paradigm’s heritage extends back to the early 1970s when Candace King Weir founded an institutional research boutique specializing in small-cap equities. Recognizing that small-caps presented unique opportunities to capitalize on inefficiencies and valuation discrepancies, Paradigm Capital Management was established in the early 1990s.

Today, we maintain our resolute belief in the outsize return potential of small caps. We continuously refine our research approach, while reaffirming key tenets of our investment process. Over time, we have learned firsthand that consistent interaction with and evaluation of a company’s management and competitive positioning can drive superior investment results.
